DEAR MR. BASS:

As secretary of the New Hampshire Highway Users' Conference, I have been instructed to submit the enclosed resolutions to you.

Very truly yours,

A. J. STABY,

Secretary.

Resolution on Long Range Highway Planning

January 17, 1949

Whereas, the organizations which go to make up the New Hampshire Highway Users Conference — representing thousands of motor vehicle owners throughout the state — have advocated for several years past the formulation and adoption of a sound long-range highway program; and

Whereas, additional impetus to this plea was recently revealed by Governor Adams to have come from the preliminary

report of the consultants he has retained to make an analysis of the operation of the State Highway Department; (in his inaugural message the Governor reported the engineer-consultants had recommended "a sound long-range construction program should be adopted to raise road standards to an acceptable level") ; and

Whereas, the State Highway Department has prepared a proposed long-range highway program which it is understood will be submitted to the present Legislature for approval, now therefore to be

Resolved, That before final decision is taken as to the scope and cost of such proposed long-range highway program, ample opportunity shall be provided for representatives of highway user organizations to make known their views, and that overall cost of the plan finally agreed upon should not exceed the taxpayers' ability to pay; and

The plan should be state-wide in extent and include all classifications of highways, and establish a schedule of priorities among projects within each classification.

And, Be It Further Resolved, That copies of this resolution be sent to Governor Sherman Adams, the State Highway Commissioner and his assistant, the President of the Senate, the Speaker of the House, the chairman of the appropriate legislative committees, and to the press.

And Be it Further Resolved, That copies of this resolution be sent to Governor-elect Sherman Adams, the President of the State Senate, the Speaker of the House of Representatives, the chairmen of the appropriate legislative committees, State Highway Commissioner Frederic E. Everett and the press.

(a) To reduce expenditures and promote economy to the fullest extent consistent with the efficient operation of the State government;

(b) To increase the efficiency of the operations of the State government to the fullest extent practicable within the revenues available to the State;

(c) To group, coordinate and consolidate agencies and functions of the State government as nearly as possible according to major purposes;

(d) To reduce the number of agencies by coordinating those having similar functions under a single head and to

abolish such agencies or functions thereof as may not be necessary for the efficient conduct and operation of the State government; and

(e) To eliminate overlapping and duplication of effort.

"The General Court further declares that the public interest requires that any plan submitted to it under this act shall be given priority over all legislation.

"2. *Reorganizaion Commission.* The Governor shall forthwith appoint a reorganization commission of which he, *ex officio*, shall be the chairman. The commission shall, in addition to the Governor, consist of six qualified persons, three of whom shall be members of the Republican party, three of whom shall be members of the Democratic party, and four of whom shall be members of the General Court. The members of the commission shall serve without compensation but shall be allowed their necessary expenses while engaged in official business. The commission may employ such technical and other assistants as may be necessary and fix their compensation. The sum of seven thousand five hundred dollars, or so much thereof as may be necessary, is hereby appropriated for carrying out the purposes of this act, and the Governor is authorized to draw his warrant for said sum of money in the treasury not otherwise appropriated.

"3. *Powers and Duties of Commission.* The commission shall forthwith commence an examination of all the agencies of the State government for the purpose of determining what changes are necessary therein to accomplish the purposes of section 1 of this act.

"Whenever the commission during its examination finds that:

(a) The transfer of the whole or any part of any agency, or of the whole or any part of the functions thereof to the jurisdiction and control of any other agency; or

(b) The abolition of all or any part of the functions of any agency; or

(c) The consolidation or coordination of the whole or any part of any agency, or of the whole or any part of the functions thereof, with the whole or any part of any other agency or the functions thereof; or

(d) The consolidation or coordination of any part of any agency or the functions thereof with any other part of the same agency or the functions thereof; or

(e) The abolition of the whole or any part of any agency which agency or part does not have, or upon the taking effect of the reorganizations specified in the reorganization plan, will not have any functions, is necessary to accomplish one or more of the purposes of section 1, the commission shall prepare one or more reorganization plans (each bearing an identifying number) for the making of the transfers, consolidations, coordinations, and abolitions, as to which it has made findings and which it includes in the plan or plans, and transmit such plan or plans to the General Court, together with a declaration that with respect to each transfer, consolidation, coordination, or abolition referred to in this section and specified in the plan or plans, it has found that such transfer, consolidation, coordination or abolition is necessary to accomplish one or more of the purposes of section 1 of this act. The delivery to both Houses shall be on the same date, shall be made to each House while it is in session and may be transmitted to the present session of the General Court, or an adjournment therefor, to a special session. The commission in its message transmitting such reorganization plan or plans shall specify with respect to each abolition of an agency or function specified in a plan or reorganization the statutory authority for the existence of the agency or the exercise of such function. Each plan shall be in the form of a bill amending or repealing existing parts, chapters and sections of the Revised Laws, as amended, and shall be divided into parts designated by Roman numerals, each part containing no more than one reorganization.

"4. *Additional Contents of Plan.* Any reorganization plan transmitted by the commission under this act:

(a) May change, in such cases as it deems necessary, the name of any agency affected by a reorganization and the title of its head; and may designate the name of any agency resulting from a reorganization and the title of its head;

(b) May include provisions for the appointment, term of office, and compensation of the head and assistant heads of any agency (including an agency resulting from a consolidation or reorganization) if the commission finds, and in its message transmitting the plan declares, that by reason of transfers, consolidations and coordinations made by such plan, the responsibilities and duties of such head are of such nature as to

require such action. The head so provided may be an individual or may be a commission or board with two or more members.

(c) May make provisions for the transfer or other disposition of the records, property and personnel affected by any transfer, consolidation, coordination, or abolition, and the winding up of the affairs of any agency abolished;

(d) May make provision for the transfer of such unexpended balances of appropriations available for use in connection with any function or agency transferred, consolidated or coordinated, as the commission deems necessary by reason of the transfer, consolidation or coordination for use in connection with the transferred, consolidated or coordinated functions, or for the use of the agency to which the transfer is made, but such unexpended balances so transferred shall be used only for the purposes for which such appropriation was originally made and shall make provision for suitable penalties for any use of any such appropriation for any other purpose.

"5. *Definition of Agency.* As used in this act, the term 'agency' means any executive department, commission, independent establishment, in the executive branch of the government. Such term does not include officers elected by the General Court; provided however, that the functions and duties of such officers may be increased by a reorganization plan.

"6. *Takes Effect.* This act shall take effect upon its passage."

(Discussion ensued)

Question being stated, Shall the amendment be adopted?

Leaves of Absence

The following named senators were granted a leave of absence for the day on account of important business: Senators Reinhart and Hartnett.

President Bass announced to the membership of the Senate that an advisory opinion from the supreme court addressed to the Senate had been received, in relation to the constitutionality of House Bill No. 249, An act relative to mileage allowance for members of the Legislature, with amendment as proposed, which had been sent to them requesting an advisory opinion, which was read by the Clerk.

To the Honorable Senate:

The undersigned Justices of the Supreme Court make the following answer to the inquiry contained in your resolution filed March 16, 1949: "Do the provisions of House Bill No. 249, An act relative to mileage allowance for members of the Legislature, with amendment as proposed, violate the Constitution of New Hampshire with respect to part second, Article 15, or with respect to any other provision of the Constitution?"

Pursuant to the proposed bill, a member of the Legislature would be allowed mileage for each round trip from his residence to the capitol and return, at rates commencing at ten cents a mile and progressively decreasing to eight, six, and five cents a mile, in inverse proportion to the length of the trip. The rates prescribed are sufficiently related to the cost of travel or the amount which would be expended by any

individual legislator in making such a trip as to be within constitutional limits. *Opinion of the Justices*, February 17, 1949.

Section 1 of the bill provides that round trip mileage shall be allowed "for each day of attendance" at the rates specified and that mileage shall not be allowed a member for any day when he is absent. Section 4 likewise provides that mileage accrued since January 1, the effective date of the act, shall depend upon "actual attendance" since that date. The requirement of attendance as a prerequisite to the right to the mileage allowance is not only proper, but necessary.

Section 2 of the bill provides that the distance for which mileage shall be allowed to a particular member shall be determined by the Mileage Committee with reference to "the nearest improved highway," and that the amount of the allowance shall be computed by the committee. The proposed amendment to this section contains substantially similar provisions. In addition it provides that the committee's determination of questions of fact shall be final, and that "the fact of attendance of a member on any legislative day shall be prima facie evidence that such member is entitled to the above-stated mileage for such day."

The latter provision injects a conception not found in the original bill. Without the amendment, the right to the allowance would depend solely upon attendance. The provision of the amendment making attendance merely prima facie evidence of a right to mileage suggests that some other criterion may control, but contains no express statement of the ultimate test to be applied. The implication most readily occurring is that actual travel shall be considered the basic prerequisite. No constitutional objection is perceived to the establishment of a rebuttable presumption of actual travel based upon the fact of attendance. As to a majority of members, the presumption would doubtless correspond to actuality. As to members residing beyond convenient overnight travelling distance, it would not. In the latter case, unless the committee should obtain or be furnished with proof that actual travel did not occur, the effect of the presumption would be to entitle such members to mileage on days of attendance, although they did not travel.

The constitutional issue presented by the bill and the amendment seems to be whether actual travel, however established, is a constitutional prerequisite to the right to receive the mileage allowance. In our opinion it is not. The Constitution contains no elaboration of what was intended by "mileage." The word is commonly defined as an allowance for traveling expense at a specified rate or rates per mile. Conceivably such an allowance might be established as reimbursement for expense actually incurred in travel, or it might be furnished as provision for travel considered to be proper, leaving to the discretion of the recipient the use to be made of the allowance.

We find nothing in the constitutional provision which compels adoption of one interpretation of the word "mileage" in preference to the other. You are accordingly advised that in our opinion the bill is constitutional either with or without the suggested amendment, and your inquiry is answered in the negative.

OLIVER W. BRANCH,
FRANK R. KENISON,
LAURENCE I. DUNCAN,
AMOS N. BLANDIN, JR.

March 23, 1949.

In my opinion the provisions of House Bill No. 249 with amendment as proposed violate the Constitution of New Hampshire, Part Second, Article 15, because they allow payment of mileage for each day of attendance irrespective of actual travel.

The following definition of the word "mileage" is taken from 27 Words and Phrases 172 and is its ordinary meaning. " 'Mileage' is defined in the Century Dictionary as payment allowed to a public functionary for the expenses of travel in the discharge of his duties, according to the number of miles passed over. The same definition substantially is found in Bouvier's and other law dictionaries." *Richardson v. State*, 66 Ohio St. 108. It is true that by appropriate language the term can be extended beyond the usual sense. However, no such language was used in the Constitution. The words of the Constitution are to be construed in their natural and ordinary meaning. It is not the natural and ordinary meaning of the

term "mileage," that it should include an allowance for travel when there is no travel.

Nor does the suggested amendment that the fact of attendance on a particular day shall be *prima facie* evidence that a member is entitled to mileage for such day render the bill constitutional. The amendment is an evasion of the constitutional requirement that no mileage be paid without actual travel. The test for the right to mileage is made, in effect, attendance and not actual travel. Moreover, for many members on many days the fact of attendance has no probative force in determining the fact of travel from their respective homes on those days. Finally, the *prima facie* provision is entirely unnecessary for establishing travel in fact, since the statements of members may be obtained for that purpose as readily as for determining attendance.

Announcement

President Bass announced to the membership of the Senate, receipt of a joint resolution relating to world government which was recently passed by the Legislature in Maine, as follows:

STATE OF MAINE

*In the year of Our Lord
One thousand nine hundred and forty-nine*

MEMORIAL

*To the Honorable Senate and House of Representatives of the
United States of America in Congress Assembled:*

Joint resolution regarding a Constitutional Convention of the United States or amendments to the Constitution of the United States relating to strengthening the United Nations and limited world federal government.

We, your Memorialists, the Senate and House of Representatives of the State of Maine in the ninety-fourth Legislative Session assembled, most respectfully present and petition your Honorable Body as follows:

Whereas, War is now a threat to the very existence of our civilization, because modern science has produced weapons of war which are overwhelmingly destructive and against which there is no sure defense; and

Whereas, The effective maintenance of world peace is the proper concern and responsibility of every American citizen; and

Whereas, The people of the State of Maine, while now enjoying domestic peace and security under the laws of their local, state and federal government, deeply desire the guarantee of world peace; and

Whereas, All history shows that peace is the product of law and order, and that law and order are the product of government; and

Whereas, The United Nations, as presently constituted, although accomplishing great good in many fields, lacks authority to enact, interpret or enforce world law, and under its present Charter is incapable of restraining any major nations which may foster or foment war; and

Whereas, The Charter of the United Nations expressly provides, in Articles 108 and 109, a procedure for reviewing and altering the Charter; and

Whereas, Many states have memorialized Congress, through resolutions by their state legislatures or in referenda by their voters, to initiate steps toward the creation of a world federal government; and

Whereas, Several nations have recently adopted constitutional provisions to facilitate their entry into a world federal government by authorizing a delegation to such a world federal government of a portion of their sovereignty sufficient to endow it with powers adequate to prevent war; now, therefore, be it

Resolved, by the Senate and House of the State of Maine, that application is hereby made to the Congress of the United States, pursuant to Article V of the Constitution of the United States, to give serious consideration to the calling of a convention for the sole purpose of proposing amendments to the Constitution which are appropriate to authorize the United States to negotiate with other nations, subject to later ratification, a constitution of a world federal government, open to all nations, with limited powers adequate to assure peace, or amendments to the Constitution which are appropriate to ratify any world constitution which is presented to the United States by the United Nations, by a world constitutional convention or otherwise; and be it further

Resolved, That the Secretary of State of the State of Maine is hereby directed to transmit copies of this application to the Senate and House of Representatives of the Congress, to the members of the said Senate and House of Representatives from this state, and to the presiding officers of each of the legislatures in the several states, requesting their cooperation.

(1) Services performed by an individual for a single employing unit for which services are customarily performed by such individual in more than one state shall be deemed to be services performed entirely within any one of the states (I) in which any part of such individual's service is performed, or (II) in which such individual has his residence, or (III) in which the employing unit maintains a place of business, provided there is in effect, as to such services, an election by an employing unit with the acquiescence of such individual, approved by the agency charged with the administration of such state's unemployment compensation law, pursuant to which services performed by such individual for such employing unit are deemed to be performed entirely within such state;

(2) Potential rights to benefits under this chapter may constitute the basis for the payment of benefits by another state or the federal government, and potential rights to benefits accumulated under the law of another state or the federal government may constitute the basis for the payment of benefits by this state. Such benefits shall be paid under such provisions of this chapter or under the provisions of the law of such other state or the federal government, or under such combination of the provisions of both laws, as may be agreed upon and which will be fair and reasonable as to all affected interests. No such arrangement shall be entered into unless it contains provision for reimbursement to the fund for such benefits as are paid on the basis of wages and service subject to the law of another state or the federal government, and provision for reimbursement from the fund for such benefits as are paid by another state or the federal government on the basis of wages and service subject to this chapter. B. Reimbursements paid from the fund pursuant to any reciprocal arrangements authorized by the provisions of this chapter shall be deemed to be benefits for the purposes of this chapter except that no charge shall be made to an employer's account under section 6 in excess of the maximum benefits available under sections 2, 3 or 4, or when no benefits would have been payable to an individual, but for this section, because of the lack of wages for insured work necessary to qualify for benefits. 3. *Procedure Under Pollution Act.* Amend paragraph I, section 7, chapter 166-A of the Revised Laws as inserted by chapter 183 of the Laws of 1947 by adding at the end thereof the following new sentence, In any instance when the commission shall set a time limit for abatement of pollution under paragraph II, there shall be no prosecutions under this paragraph until after such time limit shall have expired, so that said paragraph as amended shall read as follows: I. In any instance when the commission shall set a time limit for abatement of pollution under paragraph II, there shall be no prosecutions under this paragraph until after such time limit shall have expired.

In such petition the state shall be named as defendant and service shall be made on the attorney general. After hearing the court may enter a decree authorizing such variance from the classification in the specific case before it as will not be contrary to the public interest, giving consideration to the public advantages that will accrue from such abatement, the financial hardship to the petitioner occasioned by such abatement, and such other conditions as may lead the court to believe that the literal enforcement of the classification will result in substantial injustice to the petitioner unless such variance is granted.

Communication

The following communication was received by President Bass:

HON. PERKINS BASS
President of the Senate
Senate Chamber
State House, Concord, N. H.

Dear Mr. Bass:

I am enclosing herewith a preliminary report of the Special Committee investigating the awarding of State contracts.

Very truly yours,

JOHN PILLSBURY, *Chairman*
Investigating Committee

Preliminary Report of Special Legislative Committee

The Special Committee of the Legislature named to investigate and report on the award and administration of State construction contracts has voted unanimously to suspend its public activities with reference to the Standard Construction Company contracts during the course of the trials of the criminal charges brought by the State of New Hampshire against Donat F. Cote and Stephen B. Story. Although it is not prepared to submit a final report of its findings at this time, the committee wishes to make a preliminary statement to the Legislature concerning its activities to date.

Pursuant to the concurrent resolution passed by the Legislature, the committee began public hearings early in February. On February 23rd the committee employed as counsel the Nashua law firm of Sullivan and Gregg.

Only where the Executive Branch of the government has declared that public hearings might jeopardize the State's legal interest has the committee taken testimony in Executive Session.

In pursuing its investigation, the committee has focused its attention on the awarding of contracts for capital improvements and on the relationship of the offices of Comptroller and Treasurer to other State agencies and officials. The committee has not concerned itself with the criminal phase of the so-called Story-Cote case. Out of respect for the State's interest in the indictments brought against Story and Cote, the committee has not pressed the office of the Attorney-General for information which would have proved useful, but which the Attorney-General and Governor refused to deliver for use of the committee except upon conditions not acceptable to the committee. The conditions proposed would have made it impossible for the committee to conduct even a wholly independent investigation thereafter without being subjected to the charge of having breeched a confidence reposed in it. The committee and its counsel have not seen at any time basic information which has been gathered for the State, such as that contained in the report of the Charles T. Main Company and the Lybrand, Ross Brothers and Montgomery firm.

The committee and its counsel have not seen the original manifests, bills, vouchers, contracts, correspondence and checks which were taken from the State files by order of the Attorney General. Because of the refusal of the Executive Department to divulge any of the information gathered for the State by its investigation, the committee has probably been forced to duplicate to some extent the State's efforts.

In the course of its investigation, the committee has made full use of the stenographic help already on the State payrolls. The expenses of the committee to date approximate \$3,000.00.

The committee was instructed to make recommendations for remedial legislation. During the life of the committee the Legislature, however, has passed a general reorganization law of much wider scope. It is the opinion of the committee, there-

fore, that its recommendations should not be presented in legislative form, but that its general recommendations should be referred to the State's Reorganization Commission.

The committee has heard extended but not complete testimony with reference to the qualifications of F. Gordon Kimball as State Treasurer. However, the committee is advised that any statement now on the qualifications of Mr. Kimball might prejudice the interest of either of the parties in the civil action which the State has brought to recover alleged overpayment of funds. It is the sense of the committee that any move made by the Legislature to elect a State Treasurer at this time might also prove prejudicial. The committee will be prepared to make a report on the qualifications of Mr. Kimball at the proper time.

Our investigation has disclosed that apparently the State has confined itself to the activities of Mr. Kimball and Mr. Story and has at no time made any effort to look into the possible civil liability of other State officials who were also involved in the handling of the same contracts. The committee intends to consider further such possibilities.

The committee believes that when the State has presented its evidence in the case against Mr. Story and Mr. Cote, it is advisable that both Mr. Story and Mr. Cote and others be given an opportunity to tell the committee what they know of the parts played by various State officials relating to State contracts.

The committee will submit suggestions for remedial legislation for appropriate action in due course.

The committee is not prepared at this time to state the future course of its investigation in detail. Consideration is being given to the advisability of investigating practices of various departments in awarding contracts not made with the Standard Company or affiliates.

Permission for use of the Senate Chamber was granted to Senator McMeekin for the Committee on Ways and Means to hold a public hearing on Thursday, May 10, one-half hour after adjournment.

Permission for use of the Senate Chamber was granted to Senator Spollett for the Committee on Agriculture to hold a public hearing on Tuesday, May 24, at 1:30 P. M.

Communication

The following communication from the Legislature of the State of North Carolina relating to world government, was received by the President of the Senate:

Resolution No. 37

A Resolution Memorializing the Congress of the United States concerning proposed constitutional amendments authorizing the United States to negotiate with other nations relating to a world federal government with limited powers adequate to assure peace.

Whereas, war is now a threat to the very existence of our civilization, because modern science has produced weapons of war which are overwhelmingly destructive and against which there is no sure defense; and

Whereas, the effective maintenance of world peace is the proper concern and responsibility of every American citizen; and

Whereas, the people of the State of North Carolina, while now enjoying domestic peace and security under the laws of their local State and Federal Government, deeply desire the guarantee of world peace; and

Whereas, all history shows that peace is the product of law and order, and that law and order are the product of government; and

Whereas, the United Nations, as presently constituted, although accomplishing great good in many fields, lacks authority to enact, interpret or enforce world law, and under its present charter is incapable of restraining any major nations which may foster or foment war; and

Whereas, the Charter of the United Nations expressly provides, in Articles 108 and 109, a procedure for reviewing and altering the charter; and

Whereas, in 1941, North Carolina was the first of many states to memorialize Congress, through Resolutions by their State Legislatures or in referenda by their voters, to initiate steps towards the creation of a World Federal Government; and

Whereas, several nations have recently adopted constitutional provisions to facilitate their entry into a World Federal Government by authorizing a delegation to such a World Federal Government of a portion of their sovereignty sufficient to endow it with power adequate to prevent war.

Now, Therefore, be it Resolved by the House of Representatives, the Senate concurring:

SECTION 1. That application is hereby made to the Congress of the United States, pursuant to Article V of the Constitution of the United States, to call a convention for the sole purpose of proposing amendments to the Constitution which are appropriate to authorize the United States to negotiate with other nations, subject to later ratification, a Constitution of a World Federal Government, open to all nations, with limited powers adequate to assure peace, or amendments to the Constitution which are appropriate to ratify any world constitution which is presented to the United

States by the United Nations, by a world constitutional convention or otherwise; and be it further resolved.

SEC. 2. That the Secretary of State is hereby directed to transmit copies of this application to the Senate and the House of Representatives of the Congress, to the members of the said Senate and House of Representatives from this State, and to the presiding officers of each of the Legislatures in the several states, requesting their co-operation.

SEC. 3. That this Resolution be in full force and effect from and after its ratification.

In the General Assembly read three times and ratified this the 20th day of April, 1949.

H. P. TAYLOR,
President of the Senate.

KERR CRAIGE RAMSEY,
*Speaker of the House of
Representatives.*

Examined and found correct,

CLYDE M. ROBERTS, for Committee.

On motion of Senator Butman the Senate adjourned.

Notice on Introduction of New Bills

The Rules Committee earnestly asks the co-operation of all senators in not proposing any new bill henceforth, unless in his or her opinion, after careful consideration, the bill is both of an emergency nature and is non-controversial.

With so much unfinished business and so many controversial measures still in both House and Senate, the com-

mittee feels that the time has come when the continued introduction of new bills must be greatly reduced if we are to hope for final adjournment within the not too distant future.

After Tuesday, May 31, the committee will carefully screen all proposed new bills, introducing only those which in its opinion are so important as to be of an emergency nature, and will be compelled to oppose the introduction of any new bill after May 31, which in its opinion is not of an emergency nature.

ARTHUR J. REINHART,
THOMAS B. O'MALLEY,

Communication

The following communication was received from the Clerk of the State Legislature of Connecticut in regard to World Government.

STATE OF CONNECTICUT

Resolved by this Assembly:

Whereas, War is now a threat to the very existence of our civilization, because modern science has produced weapons of war which are overwhelmingly destructive and against which there is no sure defense; and

Whereas, The effective maintenance of world peace is the proper concern and responsibility of every American citizen; and

Whereas, The people of the State of Connecticut, while now enjoying domestic peace and security under the laws of their local, state and federal government, deeply desire the guarantee of world peace; and

Whereas, All history shows that peace is the product of law and order, and that law and order are the product of government; and

Whereas, The United Nations, as presently constituted, although accomplishing great good in many fields, lacks authority to enact, interpret or enforce world law, and under its present Charter is incapable of restraining any major nations which may foster or foment war; and

Whereas, The Charter of the United Nations expressly provides, in Articles 108 and 109, a procedure for reviewing and altering the Charter, and

Whereas, Several nations have recently adopted constitutional provisions to facilitate their entry into a world federal government by authorizing a delegation to such a world federal government of a portion of their sovereignty to endow it with powers adequate to prevent war; and

Whereas, The State of Connecticut has memorialized Congress, both through passage by the General Assembly in 1943 of the so-called Humber resolution, and through the World Government Referendum of 1948, overwhelmingly approved by the voters of the state, to initiate steps toward the creation of a world federal government; now, therefore, be it

Resolved, By the Senate and House of Representatives of the General Assembly of the State of Connecticut, that application is hereby made to the Congress of the United States, pursuant to Article V of the Constitution of the United States, to call a convention for the sole purpose of proposing amendments to the Constitution which are appropriate to authorize the United States to negotiate with other nations, subject to later ratification, a constitution of a world federal government, open to all nations, with limited powers adequate to assure peace, or amendments to the Constitution which are appropriate to ratify any world constitution which is presented to the United States by the United Nations, by a world constitutional convention or otherwise; and be it further

Resolved, That the Secretary of the State of Connecticut is hereby directed to transmit copies of this application to the Senate and the House of Representatives of the Congress, to the members of the said Senate and House of Representatives from this state, and to the presiding officers of each of the legislatures in the several states, requesting their cooperation.

Given under my hand and the seal of the State, this
First day of June, in the year of our Lord one
thousand nine hundred and forty-nine.

CHESTER BOWLES,
Governor.

By His Excellency's Command:
WINIFRED McDONALD,
Secretary.

1. *Term of Office.* Amend section 15 of chapter 385 of the Laws of 1947 by adding after the word "term" in the third line, the words, and at the pleasure of the council; so that said section as amended shall read as follows:

15. *Manager.* The chief administrative officer of the city shall be called the manager. The council shall appoint as manager for an indefinite term and at the pleasure of the council, and fix the salary of, a qualified person who received the votes of at least six members of the council. The first council elected under this charter shall appoint a manager within three months after the effective date of this charter. During the month of January following each regular biennial election under this charter, the council shall vote on the question of whether the city manager shall be retained in the employ of the city and shall fix the salary of the city manager: unless at a meeting within said month of January a majority of the entire council shall vote in favor of a resolution for the continuance of the employment of said manager for an indefinite term and at the pleasure of the council, and shall fix the salary of the manager, the manager shall cease to be employed by the city and shall cease to be entitled to salary and compensation as of the first day of February of said year, and in such event the council may appoint a temporary manager at such salary as it may determine and for a period not in excess of ninety days, and shall appoint a

At least thirty days before the proposed removal of the manager, the council shall adopt a resolution stating its intention to remove him and the reasons therefor, a copy of which shall be served forthwith on the manager who may, within ten days, demand a public hearing in which event the manager shall not be removed until such public hearing has been held. Nothing herein shall be construed to require that legal or other cause be shown to bring about the removal of the manager, it being the purpose of this charter to permit the removal of the manager for any reason. Upon or after passage of such a resolution, the council may suspend him from duty, but his pay shall continue until his removal. In case of such a suspension the council may appoint an acting manager to serve at the pleasure of the council for not more than ninety days. The action of the council in removing the manager shall be final.

3. *Liability for Discharge.* Amend section 50 of chapter 385 of the Laws of 1947 by adding after the word "fixed" in the third line the words "or indefinite;" so that said section as amended shall read as follows:

The city clerk shall have printed on official ballots the following question: "Shall the city continue the present city-manager form of government?" Beside this question shall be printed the word "Yes" and the word "No" with a square immediately opposite each said word in which the voter may indicate his choice. The referendum provided for herein shall be conducted in the same manner as regular municipal elections. In case the present charter is rescinded, as herein-before provided, such rescission shall become effective on the first Wednesday of January, 1950, and on that date the terms of office of councilmen and mayor elected under the provisions of said rescinded charter shall terminate and on the same date the office of city manager shall terminate. On said date the terms of office of all officers, trustees and commissioners elected or appointed by the city council, the mayor or city manager, under chapter 285 of the Laws of 1945 shall terminate, pro-

Such rescission shall become effective the first Wednesday of January next following such vote and on that date the terms of office of councilmen and mayor elected under the provisions of said rescinded charter shall terminate. The terms of office of all officers, trustees or committees elected or appointed by the city council or mayor before said charter shall have been rescinded shall terminate on the first Wednesday of January next following such vote, provided that such officers, trustees and committees shall continue in office until their respective successors have been duly elected or appointed and qualified. In the event that the 1951 regular municipal election shall so rescind the then city charter, the city of Dover shall be governed by the provisions of chapter 385 of the Laws of 1947. The provisions of said chapter 385 are hereby suspended during any period when the same has been rescinded.

If the present charter is not rescinded at the referendum of October 4, 1949, the question "Shall the city continue the present city-manager form of government?" shall be voted on at the regular municipal election in 1951 if at least ten per cent of all qualified voters shall sign a petition requesting such vote, such petition to be submitted to the city clerk at least thirty days prior to said election and if a majority of those present and voting shall vote in the negative, the present charter shall be declared to have been rescinded, except insofar as the provisions of section 14-a of chapter 385 of the Laws of 1947 are concerned, as, hereinbefore provided, such rescission to become effective on the first Wednesday of January, 1952, and on that date the terms of office of councilmen

and mayor elected under the provisions of said rescinded charter shall terminate and on the same date the office of city manager shall terminate, and the terms of office of all officers, trustees and commissioners elected or appointed by the city council, the mayor or city manager shall terminate, provided that such officers, trustees and commissioners shall continue in office until their respective successors have been duly elected or appointed and qualified. Amend the first paragraph of section 2 of said bill by striking out said section and inserting in place thereof the following:

2. *New Charter.* If the present city-manager form charter is rescinded at the special election in October, 1949, as provided in section 1, the regular election shall be held on the first Tuesday of November, 1949, and the city of Dover shall be governed by the provisions of the following charter in addition to section 14-a of chapter 385 of the Laws of 1947. Senator Daniell offered the following resolution and moved its adoption:

Resolution

Whereas the 1948 Republican Party Platform for New Hampshire reads:

Education

We favor the continuance of the present scale of state financial aid to local school districts.

Since this program means a continuing burden upon all of our taxpayers it is imperative that, in its administration, attention be given to the most effective and efficient use of

state-aid monies in improving the standards of education, the establishment of co-operative school districts wherever feasible, and the maintenance of adequate standards of pay for teachers.

We stand for a strong progressive University of New Hampshire and favor continuance of the present increased level of appropriations for its support. The Teachers Colleges are performing a valuable service to our educational system and deserve adequate consideration and support.

A basic necessity to our educational system is an improved teachers' retirement plan with benefits sufficient to continue to attract and retain high quality in the teaching profession for New Hampshire.

Whereas the 1949 Democratic Party Platform for New Hampshire Education reads:

Education

The Democratic Party urges continued state aid to education in New Hampshire and immediate passage of the Federal Aid to Education Bill which would help finance a much needed program of school building and centralization of rural educational facilities.

Despite a decade of ever-increasing national prosperity, under Republican administrations New Hampshire teachers earn less today than 8 per cent of the teachers average throughout the country. We are losing teachers to other states because retirement benefits are wholly inadequate.

The Democratic Party favors a program whereby all teachers will receive optimum security and greater benefits.

Whereas seventeen members of this Senate are Republican and seven are Democratic and each endorsed his party's platform and none during the election in any way repudiated said platform as it relates to education.

Resolved, That as honest and sincere politicians we cannot at this late date repudiate these solemn obligations to the public and must therefore adopt such measures as are necessary to continue State Aid to Education at its 1947-48 level.

The President referred the above resolution to the Committee on Education.

Senator Daniell moved that the order whereby the above resolution was referred to the Committee on Education, be vacated, and that the resolution be brought before the Senate at the present time.

The President declared a recess.

Recess

The Senate re-assembled.

Senator Reinhart moved that the resolution be laid on the table.

President Bass requested a division.

Fifteen senators having voted in the affirmative, the affirmative prevailed.

Senator Butman moved the previous question, it being, Shall the main question now be put?

On a *viva voce* vote the affirmative prevailed.

The report was accepted and His Excellency, Governor Sherman Adams, then came in and addressed the Honorable Senate.

HONORABLE SENATORS:

While the duty I am about to perform is not the most unpleasant entrusted to me, it is a time when we must take leave of each other, as we do, and should appraise the accomplishments of our association together.

You have to your credit many significant accomplishments and although the time consumed in your deliberations has been substantial, the results you have achieved are not inconsiderable.

These accomplishments lie in many fields, but most noteworthy is your willingness to devote your energy to reappraisal of the construction and degree of efficiency of this government and the measures that must be taken to make it a modern, effective, efficient organization.

The constructive action that you have taken in several lesser fields does you credit. You have had the courage and the wisdom to turn down a number of ostensibly attractive but thoroughly unsound and occasionally preposterous propositions. You leave a balanced budget. This balance has been achieved however at the expense of some considerable depreciation in the quality and quantity of needed state services. Let me say that every resource at my command will be used to pro-

vide that this government will live within the funds that you have appropriated. However, you will and should be seasonably appraised of the instances where the responsibilities of our state government in a modern world fail to fulfil the demands dictated by the public interest.

The authorization which you have provided for a thorough study of the administrative organization of your state government is a tribute to your foresightedness. This study is already well-advanced and the conclusions of your Commission and my recommendations will be laid before you at a special session in the fall.

Your support of a thorough legislative reorganization resulting in the reduction of committees, realigning of duties and the adoption of a mileage schedule on a constitutional basis was one of your early achievements. The reorganization of the Highway Department, not yet complete but in process, and the adoption of procedures relating to public purchasing were constructive proposals which you wisely adopted.

In the field of natural resources, you have adopted a severance tax law which embodies principles promoting conservation that you will sometime discover to have been a milestone in the progress of conservation in your State. The support you have accorded to the continuation and development of the controls of pollution in our streams and lakes is the result of your forward thinking.

You have appreciated the importance of the work of the Governor's Highway Safety Conference in your approval of all the measures it recommended. You have adopted a sensible preferential primary law. You have legalized the sale of colored oleomargarine. Your ratification of the northeast forest fire compact and the passage of the civil defense act to be used in cases of emergency are further evidences of a well-developed sense of public responsibility.

In the field of agriculture, you have continued the Bangs disease control program with some wise modifications. Your licensing of child placing and child caring agencies results in needed protection for children needing foster home care.

In the field of labor, the repeal of the act regulating union security contracts and the increases you provided in unemployment compensation and workmen's compensation benefits were steps forward.

Your refusal to legalize dog racing and to permit a state lottery was an exercise of good judgment which is especially significant at a time when new revenue was so urgently needed. Your rejection of unsound attempts to modify the present liquor law system reflects the appreciation which you have of the efficiency and public advantages of the present system of control. Finally, you have, in the light of acute need for economy refused to approve major new governmental services together with the added expenditures which they of necessity involve.

It will become apparent to the members of the General Court and to the citizens of the State as a whole during the next few months that the funds which you have provided are in some measure insufficient to support adequately those services which the people of New Hampshire have come to feel to be responsibilities which modern government ought to accept.

On returning to your homes, I hope you will continue to consider the financial condition of your State, as it bears particularly upon your own community and upon your own constituents. I hope you will remember that our dependency for revenue continues to bear heavily upon taxes on human habits; racing, liquor, beer, and tobacco, sources which I have pointed out will prove unstable in a fluctuating economy.

Far from curing this situation, we have been required to base our calculations to a greater extent on some of the foregoing sources.

Let these matters be considered unfinished business; let them not diminish the pride which is rightfully yours for the accomplishments you have made and they are not inconsiderable. I know that you will want to consider the future of the process of education in New Hampshire, an adequate retirement system for teachers, the reclassification which needs to be made in the field of state employment and adequate support for our state institutions and our state university.

I have been informed by the Joint Committee of the Senate and House of Representatives that you have now completed the business of the session. Therefore, by the authority vested in me as Governor, I do hereby declare the General Court of New Hampshire adjourned to the last Wednesday in December in the Year of our Lord One Thousand Nine Hundred Fifty.

President Perkins Bass requested Rev. Mr. Reed of St. Matthews Episcopal Church of Goffstown to pronounce the benediction of the deliberations of the Honorable Senate:

May the Lord bless you and keep you; may the Lord make his face to shine upon you and be gracious unto you. May the Lord give you peace, both now and forever more. Amen.

On motion of Senator Butman the Senate adjourned.

Whereupon President Bass declared the Senate adjourned until the last Wednesday in December, 1950.

Clerk.
